

Giorgio Rossini

About Yeats

ABOUT YEATS è una rilettura in chiave jazzistica di alcuni testi di William Butler Yeats (1865-1939). Il linguaggio del poeta irlandese, suggestivo e ricco di fascino, è permeato da una rilevante ricchezza timbrico-letteraria, oltre che da una grande musicalità nella costruzione formale.

I testi musicati da Giorgio Rossini, sono stati scelti attingendo dai versi giovanili ancora pieni d'incanto e bellezza, e da alcune poesie della maturità, dense di forza vitale e sensualità, ma anche di inquietudine.

La title track "About Yeats" è un omaggio strumentale composta "sul nome" del poeta.
